

2018 AGE GROUP WORLD CHAMPIONSHIP QUALIFYING SPOTS RACE CALENDAR BY DISCIPLINE

The following calendar outlines the Age Group World Championship Spots allocated for the 2018 season. There are two World Championship events that these races are qualifying for:

1. 2019 ITU World Triathlon Grand Final - Lausanne, Switzerland
2. 2019 ITU Multisport World Championship Festival - Pontevedra, Spain

All Age Group World Championship qualifying spots were allocated to the provinces based on their total adult membership numbers for the 2018 season. Each province had the opportunity to claim their allocated spots, and any unclaimed spots were made available again to all provinces to claim additional spots. The fee structure was reorganized for 2018 to make it much more cost-effective to host, particularly for the developing multisport events.

If there are not available qualifying spots in your region for the discipline you wish to race in, you are encouraged to reach out to your Race Directors and Provincial Sport Organizations (PSOs). The model has been changed to make hosting more desirable, but demand is best expressed directly by the consumer - our Age Group athletes.

There are still spots available in all disciplines EXCEPT sprint triathlon and standard triathlon.

Why change? Here are the impacts the 2018 changes have had so far over 2017:

- Increase from 4 provinces hosting spots to 7 provinces hosting spots
- 12 qualification events nation-wide to 28 qualification events nation-wide
